

## CALL FOR VIDEOS FOR STUDENTS ALL AROUND THE WORLD!

### Tourism at World Heritage Sites

In the framework of the OurWorldHeritage initiative (<https://www.ourworldheritage.org/>) we invite students (bachelor, Master, PhD) to submit **short videos to illustrate the challenges and opportunities tourism offers today for World Heritage sites.**

#### PRESENTATION

Both tourism and heritage sites are exposed nowadays to critical exogenic and endogenic changes. Among these challenges are the ramifications of COVID-19, and the consequent global economic and social crises.

We are asking for videos to help raise awareness about the value and meaning of Our World Heritage and focus on how tourism can be an ally rather than a threat.

We WELCOME a critical review or analysis concerning the World Heritage or of the national sites that concern heritage and tourism based on present challenges and on constructive and complementing synergies.

#### THEMES

The Videos may present any World Heritage Site, Cultural, Natural or Mixt.

We would like to privilege approaches that deal with Tourism and the "5Cs" (<https://whc.unesco.org/en/decisions/1217/> and <https://whc.unesco.org/en/decisions/5197/>):

- the **Credibility of the World Heritage List**, as a representative and geographically balanced testimony of cultural and natural properties of outstanding universal value;
  - the effective **Conservation of World Heritage properties**;
  - promote the development of effective **Capacity-building measures**, including assistance for preparing the nomination of properties to the World Heritage List, for the understanding and implementation of the World Heritage Convention and related instruments;
  - increase **public awareness, involvement and support for World Heritage through Communication**.
  - To **enhance the role of Communities** in the implementation of the World Heritage Convention
- The video can chose a transversal approach (how tourism impacts positively or negatively the credibilit, Conservation, Capacity-Building, Communication and role of Communities) or a more thematic approach (i.e. the role of Communities).

#### GENERAL INSTRUCTIONS ON HOW TO FILM YOUR 1 MIN CLIP:

- Each video clip will have 1 min. for the message, including narration and visuals
- Please make sure your clip is welcoming, accommodating, really speaking to the viewer, explaining, conveying the importance of the topic for OURWORLDHERITAGE.

- A music that you like is welcome (be aware of the copyrights). We accept happy, suspense, activating, severe music.
- The videos need to be filmed in 'landscape' position (hold the camera to make horizontally and not vertically oriented picture like this  not like this )
- When a person is filmed, don't lose time by introducing him/her: they will be introduced in subtitles by name, association, topic, etc).
- Make sure you have good (day)light when filming, take care of shadows, contrasts etc.
- Make sure that: viewers understand that the aim of the message is not exclusively related to the place or region that you are filming in. For example, when you report on screen, ensure that you have a relatively 'neutral' background (=no pressing or obvious icons in the background).
- If you have no professional audio gear, please narrate inside to avoid background noise/wind/music. Make sure the voices sound clear.
- Try to capture images of the 'theme problem' on camera
- Less is more.
